It was on Motion Resolved; that a petition setting forth the claims of the N. G. A. College be presented to Hon N. J. Hammond President of the Board of Trustees of the University of Georgia, the same to be delivered to said Hammond by Messrs Hall and Charters. The following petition was prepared -

"To the Board of Trustees of the University of Georgia;

The Board of Trustees of the North Georgia Agricultural College present to your honorable body their petition as follows;

Under the Contract between this College and the University; Made in 1872, this College is guaranteed the sum of Two Thousand Dollars annually under Certain Conditions, the same to be paid out of the Land Script Fund; and it is provided in said

Contract that nothing therein Contained Shall prevent this College from receiving the benefit of any future Congressional aid.

Said Sum has been regularly paid; and in addition thereto the University for a Number of Years paid this College the Sum of Fifteen Hundred Dollars out of Said Fund Annually, Making a total paid this College out of Said Fund of Thirty-Five Hundred Dollars.

At a later time the University also undertook to pay the Sum of Two Thousand Dollars annually to Branch Colleges at other points in the State, And this policy was finally considered So much of a burden that your body in 1882, in order to relieve itself and because it was then in lack of funds, determined to cut this College off of the additional Fifteen Hundred Dollars and reduce to the Amount Guaranteed by Said Contract.

This Action was not Considered inimical, because at the Same Meeting and at the Same time it was determined by a resolution offered by Mr Billups that Said Sum Should be resolved to this College if further aid Should be granted to the University.

The University Board at that time, and for years Afterward, Also turned over to this College the interest on the Gilmer Fund, which Amounted to Something More than One Thousand Dollars Annually, but later this Source of income was partly and finally entirely withdrawn; So that this College has lost from its Annual income the Sum of Twenty-five Hundred Dollars per year.

That we have been Crippled thereby goes without the Saying, And it has looked at times as if there Could be no recourse but to close the doors of the College. - a Calamity which no friend of the youth of Georgia Could view but with Sadness.

We have been enabled to run the institution by economizing in every possible way, never Knowing one year whether we Could exist the next, and by borrowing Money, And by using the principal of a gift that was intended as an endowment, And by paying our teachers Salaries even less than

those paid the teachers in the Negro Schools of the State. No Officer of the College has ever at any time received one cent for his services; And all Trustees have given of their time and services, without any kind of Reward, being actuated alone, as you are, by the interest they feel in the diffusion of education in this State and the elevation of the boys and girls who are strugling for an education.

Since the withdrawal of the Sums as stated there has been a very a great Change in the Condition of the finances of the University; its treasury has been greatly Amplified by Congressional Aid; And there is no longer occasion for it to pay the Annual Sum of two thousand dollars to Some of the Branch Colleges.

The reason for the withdrawal having been removed we trust there is now nothing in the way of the restoration of the Money formerly Awarded us.

This College was founded And Organized Under the terms and provisions of the Act of Congress, Approved July 1st 1862, Known as the Land Script Act. This has been repeatedly recognized to be true by the Legislature of Georgia, Being One of the Colleges So organized, having been So Recognized by the Legislature, having been So Recognized by your body in the Contract above referred to, And in Many other ways; it is Safe to Say that recent Congressional Appropriations have been "for its benefit" as well as for the benefit of the State College of Agriculture And Mechanic Arts. We have as yet received no aid from such Appropriations, but have been limited to the Meagre Sum of Two Hundred Dollars, only Eight Hundred of which is paid directly to our Treasurer.

We are greatly in need of Money; we need Apparatus And Appliances; We need to pay our Teachers living wages; We need additional Teachers; we need to pay our debts; we need Some Security for the future. Believing that You, as individuals and as a body, Must Appreciate And Sympathize with our disinterested efforts in Supplying facilities for the education of the

poor youth of Georgia, we confidently appeal to you, in the Spirit of the Contract above referred to, and in the Spirit of the Billups resolution, to make us an allowance of an additional twenty five hundred dollars annually, which would at last be only a sum equal to the sums heretofore withdrawn from us."

" I, W. J. Worley, Secretary of the Board of Trustees of the North Georgia Agricultural College, do hereby certify that the foregoing pages are a true copy of the Memorial to the Board of Trustees of the University of Georgia, adopted at a meeting of the Board of Trustees of the North Georgia Agricultural College, held on the 29th day of May 1896.

Witness my hand and the Seal of said College this 8th day of June 1896.

Signed (Seal) Wm J. Worley, Secy Board of Trustees N.G.A.C."

Dahlonega, Ga. August 24th 1896.

Board Met, Present W. P. Price, president presiding; and the following Members to wit:- W. A. Charters, B. F. Chapman, J. F. Moore- G. McGuire, R. H. Baker- B. R. Meaders, H. C. Mulchel, H. D. Lumley and Wm. J. Worley.

The Minutes of Aug. 17th and Aug. 22nd were read and Confirmed. The Committee Appointed to Confer with Maj. Bullard made the following Report:

"The Committee Appointed to Communicate with Lt. R. L. Bullard in regard to his contemplated request to be relieved from his duties as Commandant, beg leave to report: That by appointment Met Lt. Bullard this day at Col Prices office, and delivered to him the Resolutions passed by the Board on the 22nd inst.

The interview developed the fact that Lt. Bullard had taught French classes in the College from January 1st 1896. to Commencement a period of 5½ Months.

That Soon After Lt. Bullard arrived in Dahlonega a Committee from the Board Consisting of Messrs, Hall, Mulchel and Charters Met him and he was informed that heretofore the Commandant had in addition to the duties imposed by the government had instructed in French without Compensation; that if he Lt Bullard would teach French until the close of the Session in June 96. he would be paid proper Compensation therefor; Provided An Appropriation was Made by the General Assembly or from any other Source, which would enable the Trustees to pay such Compensation.

Your Committee Report that no appropriation has been made by the Legislature nor has any pecuniary aid Come into the Board from Any other Source.

The Committee further report that Since this Matter was placed in their hands, our Treasurer informs the Board that including Overdrawn balances and also bills that are Soon to be presented, the indebtedness of the College now due and unpaid will be over $800. or even a larger Sum, and he Calls upon the Board to make Some Provision for the payment of Said indebtedness, there being no Money in his hands.

In view, therefore of the fact that there

has been as yet no appropriation by the Legislature to meet the Claim of Lt. Bullard, which exists solely on the idea that an appropriation would be made, the Committee recommend that Lt. Bullard be paid the sum of $100, in full of his Claim, should he continue his connection with the College. In the event however, he should be relieved of his duties in the College the Lt. Bullard be paid the sum of $180, whenever the Legislature increases the appropriation now made to the College, Provided nevertheless that should Lt. Bullard remain with the College he shall have the option of accepting said $100, absolute or $180, Contingent upon an increased appropriation.

Your Committee would state that in the interview with Lt. Bullard he made this proposition, which the Committee agreed to present to the Board, to-wit:- That he would continue to perform the duties of Commandant and such other duties as might be assigned him provided he was paid the sum of $240, per Annum, A sum which would cover his expense for house-rent."

On Motion Moved and Carried that the item of $240, be laid on the table until after the adjournment of the next Session of the Legislature.

On Motion the balance of the report of the Committee was adopted.

On Motion the Communication of Capt Hall was refered to the Finance Committee with full power and Authority to adjust the same.

On Motion the Matter of Capt Woodward for printing $4.50 and the note of Capt Woodward in the hands of the Treasurer for $4.50 be balanced offsetting one against the other.

On Motion the Board adjourned.

The Minutes of Aug. 24th Read and Approved. The Committee on Uniforms Made the following Report:-

Dahlonega, Ga. Sept 1st 1896.

Report of Committee of Board of Trustees of N. G. A. C. on Uniforms for Cadets.

Mr President and Gentlemen of the Board:

Your Committee, with the Commandant of Cadets, has to day Met And examined bids and samples of Uniforms Submitted by the Hall Mdse Co. Mr R. C. Meaders, Mr McGuire, & Mr Harry Gurley, all of this town. Prices Ranged from About $11.50/100 to $16 00 for Uniform with Cap Complete.

Your Committee would recommend as of good quality, neat, tasteful, of Moderate cost and, in our opinion and in that of the Cadets, best answering the demand of Military Clothing and as, most likely, limited to all Cadets; the accompanying Sample prices Submitted by Mr R. C. Meaders. Mr Meaders promises, in case he alone is Given the Supplying of Uniforms, to give the Measuring and fitting his personal attention. He guarantees a neat fit, good Materials; good work done promptly and in accordance with Specifications of the Uniform.

The Comdt of Cadets States to your Committee that, on general principles and from his knowledge of the Sentiment among Cadets, he is convinced that Uniformity in dress will be of great benefit to the battalion of Cadets both in Appearance & discipline; that an order establishing Strict Uniformity will be as easily enforced as the present loose requirements. Which only partially obtain Uniformity; that in his opinion and experience Uniformity in Material, Measure, Make and fit Can be obtained Only by requiring all uniforms to be furnished by one tailor on given Specifications. We recommend the Georgia button be used.

As a Matter of information only I desire to call your attention to the exhibits herewith attached and marked "Exhibit C & D" these exhibits will show not only the Number of tickets issued but the account on which they were issued and a comparison with former years may be interesting.

I have not the information at hand that will enable me to give the number of papers that the electroplate Advertisement has been inserted in. this work having been done by others and the record having been lost, there was however bought, one bill of electroplates costing only $16,00 which was charged in account of "Advertising and postage" there were issued to State Papers for Advertising 5 tickets for the Fall Term And 6 tickets for the Spring Term. It will be noticed that the item for Advertising has cost for the year, (See Exhibit G") $580,06 which is more than twice More than it has cost years befor, When it was largely done by Myself with what help I could get from the faculty during vacation; The College building is insured and paid for, for the sum of $15000 00 And will expire March 27th 1899. the Military equipments Are insured for the sum of $4264,50 which will expire January 25th, 1899. the premium is paid to the date of expiring. There are no unpaid accounts against the College that I am advised of. The Amount that was paid And reported two years ago for Prof. Lanes expenses, remains unpaid. I have called the attention of the Societies to this Matter and they still agree to pay it. this amount is $12,30. There are several Small Matters that are due the College in the Matter of Notes and accounts that were turned over to Mr Williams to look after. Some of them I understand

the parties claim that they have paid in some way to one and another, others are still due and should be collected.

Refering to the Brown Fund, I have received from the Hon. A. L. Hull, Treasurer of the University, for the year as follows:

This Statement shows that only eight Counties out of the Sixteen have been represented; viz. Cherokee, Dawson, Forsyth, Lumpkin, Pickens, Union, ~~Towns~~ and White in Georgia, and Oconee in South Carolina, leaving eight Counties not represented, viz, Fannin, Gilmer, Murray, Rabun, Towns, Habersham, in Georgia, and Anderson & Pickens in South Carolina.

There was representation later after the list had been completed from Towns, Habersham, making ten Counties represented.

It will be observed from this report that $168,75 of the fund has not been used.

There are some small unpaid accounts that I have not been able to get up. There is also an unpaid balance due Prof. Stewart $150,00 Prof Witherspoon $83,33 and to Miss Clark $50,00 that under the instructions from the Board should not be paid till the end of their year one month later than the rest of the teachers, this balance was not asked for till recently and there were no funds to pay them with.

Respectfully Submitted.

Frank W. Hall
Treasurer.

Annual Meeting June 7th 1899.

The Secretary read the following Communication from the Faculty.

To the Board of Trustees N. G. A. College:

Gentlemen:

I have the honor to make the following report for the year 1898-99. We have Registered during the year 237 Students as follows:- A. B. Course 30 B. S. 35 L. S. 20 Business 57 License 32 Preparatory 63 237. A Study of these figures will show that those desiring the Business Course and those wishing to receive training for teaching Constitute 109 Students or nearly half of the enrollment, either of these

enrolled nearly as many as in the A.B. & B.S. Combined. Just now there is a greater demand in the South for trained teachers and business men than for so many professional men of the higher degrees. While not in any manner weakening the A.B. & B.S. degrees Courses but on the contrary strengthening them, we should especially stress in our Courses and instruction, the teachers and Business Courses. By this means the number of Graduates will be continually increased. The following have been recommended by the faculty for Licenses and Degrees.

I also append report of Prof. of Science.

To balance from Fall Term Laboratory fees		$10.43
Deposits from Spring " "		11.10
By cost returned to Students	8.08.

This Statement Shows that Eleven Counties out of the Sixteen have been represented viz. Cherokee, Dawson, Forsyth, Habersham, Lumpkin, Murray, Pickens, Towns, Union and White in Georgia, and Oconee in South Carolina, leaving five Counties not represented viz. Fannin, Gilmer, Rabun, in Georgia and Anderson and Pickens in South Carolina.

It will be observed that $206,25 of this fund has not been used. It will also be observed that only two of the regular Apprentices have taken Advantage of this fund the entire term, while three from the Territory at large have taken the full benefits making five in all, this five have received $312,50 leaving $481,25 divided between the Sixteen irregular attendants or about $30,09 each. in this connection I would suggest that some more rigid rule should be made and enforced to govern the selecting of such Applicants as will take Advantage of the full fund, or let the fund remain in the Treasury of the University.

Certain rules were adopted by a Committee of the Board in 1898 to govern the issuing of Admission Tickets as well as the issuing of "Privilege Tickets" for the use of Typewriters in the Business Department and the use of Chemicals and Apparatus in the Science Department, leaving no discretion on the part of any one.

I was absent from home from the Middle of December 1898 to about the first of May 1899. leaving Mr W. L. Henley in Charge of My duties as Treasurer with positive instructions in writing as to the issuing of tickets for Cash or Appointment and that no ticket should be issued without the proper showing in hand.

Admission Tickets No. 73. 81. 108. 117 and 124 (also 119) for the Spring Term were sold regularly for cash and so entered on the ticket and Stub and accounted for in this report, but under the representation of President Stewart made to Mr. Henley, that it was not only my custom, but within my power to pay back the cash collected for tickets upon the presentation of proper Appointments, and under this representation the cash was paid back for the six tickets above Mentioned by Mr. Henley, leaving My account short this Amount. I submit these facts and Respectfully ask the Board to decide where this loss of $30.00 Should fall,

Your attention is called to the fact that the beneficiaries of this fund are very irregular and inattentive, and it does not seem that the purposes for which this fund was intended are fully carried out. A great number of the pupils taking advantage of this fund come into School only for a short time, and not preparing themselves for usefulness, as was the intention of the donor.

I would earnestly recommend that the Board take some action looking to the improvement, if possible, of the use of this fund.

I Recommend that all purchases made by the College, in the future, be made only through the Purchasing Committee and that said Committee open an account under the following heads:-

(1) The College account proper.
(2) Chemical and Physical Laboratory account.
(3) Model School Account.
(4) Type-writing and Business Department Account.
(5) Dormitory Account.
(6) Advertising and Postage Account.

I further recommend that the President of the Faculty allow no Student to Matriculate without he has first procured a Matriculation ticket from the Treasurer and that the Professor of Science allow no Student the privileges of the Chemical and Physical Laboratory until he has secured privilege Certificate from the Treasurer. And that the Professor of the Business Department allow no Student to use the Machines and have the privileges of the Business Department until he has secured privilege Certificate from the Treasurer.

Respectfully Submitted.
H. D. Gurley Treasurer.

"Advertising & Postage," there remaines to the Credit of this Department a balance of $ 3.46
"Chemical & Physical Labratory" this Department has a balance to its Credit of — $ 12.94
"Model School," this department seems to have served its purpose and has done great good. It still has to its Credit bal of $ 15.54
"Typewriting" On account of the purchase of two new Machines, this department still remains behind $ 25.00 And it seems hard to keep it up with the present fees charged for the use of Machines.
"Dormitory" this department has not been Self-Sustaining for the last year and I fear that without better Management it will never be so. It has an over-draft against it of $ 36.08
These Several Departments are included in the general account and have no significance in the footing of the Amounts of the Dr. or Cr. but are Merely put in to show where the expenditures of the College have gone and which Department has been Self-Sustaining and which has not.

Professor Joseph D. Stewart.
President North Georgia Agricultural College.
Dahlonega. Ga.

Dear Sir:-

Pursuant to your request we beg leave to submit the following propositions for the consideration of your Board of Directors of the College:

First. We will furnish 38 incandescent lights of an average of 16 C.P. to illuminate the ladies Dormitory for $8.00 per Month during the Nine Months of the College Year. And $3.00 per Month during the other three Months of the year for lights used in the private residence part of the Dormitory. and necessary Kitchen & dining room lights not to exceed 10. For less number of lights an equitable Contract will be Made with Manager of Dormitory.

Second. We will illuminate the College Chapel Hall with 25 incandescent C.P. lights. 15 of which are to be arranged in Clusters of three, the remainder to be used as foot lights for the platform and at the entrances in the Hall, for $1.00 per night for each evening the Hall may be used; the President to be responsible for the Collection and payment of all Hall lighting.

The Cost of Wiring the College Chapel Hall Complete for lighting, including Reflectors for Clusters and also for platform lights will be $43.75

Trusting that these proposals may meet your favorable Consideration, we are.

Most respectfully Yours.
Dahlonega Consolidated Gold Mining Company.
By J. P. Coates
Chairman Finance Committee.

Dahlonega, Ga, May 3, 1902,

Honorable A. D. Candler, Govenor:-
Atlanta, Ga.

My Dear Sir;-

The Legislature in 1898 passed up an appropriation of $600.00 to the North Georgia Agricultural College for the purpose of insuring its property for five years (See acts of 1898 page 14). Insurance was taken out in pursuance of said Act and some few dollars were left of the Appropriation, This Surplus was sent to you at the time and Covered into the State Treasury. Subsequently to that time a new building was erected on the College property, the building being the gift of Mr. Bostwick of New York. In order to insure this building the College had to encroach upon other funds much needed for other purposes to pay insurance premiums to the Amount of $162.22 on account of the insurance of said building. Last year at the time the State insured all of the property of this College, along with other public Institution, the policies of insurance which had been taken out with the Appropriation above Mentioned, were surrendered to the Insurance Companies and a return premium of Approximately $96.00 was received by the College. This Money is much needed by the College Authorities and we think that it would be proper for the College to retain it, on account of the sums expended by the College for the insurance of said Bostwick buildings. However, the Board of Trustees, before using said $96.00, have instructed me to write to you and apprise you of the situation and obtain from you direction in the matter. If it is right for the College to retain the $96.00 it will be spent immediately in repairs on the buildings. If it is not right for the College to retain said Money it will, of Course, be forwarded to you to be turned over to the Treasurer.

Very truly yours. W. P. Price Sr.
Chairman of Board of Trustees.

Gov. Candlers Reply:

State of Georgia, Executive Office
Atlanta, May 7, 1902.

Hon. W. P. Price.
Dahlonega, Ga.

Dear Sir;

I am in receipt of yours of the 3rd inst. And in reply beg to say that I think it is very clear that the premium of $96.00 refunded on policies of insurance issued on the buildings of the North Georgia College, and paid for by the trustees out of funds other than those appropriated by the General Assembly for insurance, should be applied by the Board of Trustees to purposes than insurance. In other words the money advanced by the Board to pay for policies of insurance which ran until the State placed policies on the buildings was simply a loan and should go back (So much of it as was refunded) to the fund from which it was originally taken by the Board of Trustees.

Very truly yours,
A. D. Candler.

Board Met Dahlonega Ga May 19th 1902.
Present W. P. Price President and W. A. Charters, R. C. Meaders, H. C. Welchel, R. N. Baker, B. R. Meaders, J. F. Moore, E. E. Crisson, G. S. McGuire, N. D. Gurley & Wm J. Worley Trustees.

On Motion the proceedings of last Meeting so far as related to lighting the College Chapel Hall and Dormitory with Electric lights was Re-Considered and the following adopted in lieu thereof.

"Dahlonega, Ga. May 16th 1902.

To the President and Board of Trustees of the North Georgia Agricultural College;

In pursuance of a resolution adopted by said Board, May 12th 1902, Your Property Committee have inquired into the practicability of lighting the College Chapel and Hall ways.

And also the Girls Dormitory And find in both Cases the Number of lights, totally inadequate to properly light the Same. We have Most Carefully examined the premises (with the Companys Electrician) and find that instead of twenty five 16 C.P. lights for the College Chapel And Hall ways, as adopted by your body it will take 36, for the Girls Dormitory it will take 70, At least to properly light the same, (instead of 38 as adopted) Therefore We recommend the putting in of 36-16 C.P. lights in the College Chapel And the Hall ways, with the best and Cheapest rate obtainable from the Dahlonega Consolidated Gold Mining Companys Electrician And that the Same be put up in proper shape prior to our next Annual Commencement- June 1st 1902. We further recommend that, all paid entertainments by others than those directly Connected with the College pay for the nights used for said entertainments at the flat rate of $1.25 per night Same to be collected by the President of the Faculty. And that no charge be made for Exercises by the Student body. And the Commencement exercises And that the President of the Faculty Make Monthly Statements and Collections for the use of said lights And turn the Same over to the Treasurer of the Board of Trustees,

We further recommend indefinite postponement of Contracting for any lights in the Girls Dormitory until such time, and under Such arrangements with the Keeper of said Dormitory as will guarantee to the Trustees of said College against payment for the Consumption of light used in said Dormitory or the Repairs of any fixtures lamps etc, After the Same have been properly put in place by the Electrician, And that the property Committee be instructed to Contract for lighting the Chapel and Hall ways &c. with the Dahlonega Consolidated Gold Mining Company on the bases with the letter here with Appended.

This leaving a balance of this fund in My hands as Treas of. 65. cts

I earnestly recommend that the beneficiaries of this fund received $8.00 per Month. for the time of eight Months instead of $6.93 per Mo. the way it is now being disbursed. This would give fifteen Counties $64.00 each for the School term. And one Student at large five Months or $40.00 thereby Consumeing the $1000.00 allotted to this institution - beginning on 1st of October.

There have been received and disbursed in the various departments of the College for the Scholastic year of 1901. & 1902. the following Amounts -
Business department - received $115.40, paid out $70.29 - leaving a balance of $45.11:
Library - received $405.68 - Paid out $405.74 overdrawn 6 cts,
Chemical, Physical & Biological - received $44.50 paid out $48.37 overdrawn $3.87 - Male Domitory & Cottages, received $83.33 Paid out $353.30 - overdrawn $269.97.
Notes & Interest - received $3642.90 paid out $4440.39 overdrawn $797.49. Advertising, including postage traveling expenses etc. paid out $405.10 - Incidentals, including all repairs and supplies paid out $1127.56. Salaries of Faculty, Secretary, Treasurer and Janitor $8760.00 -

These Several departments are all included in the Gen. Acct. and have no significance in the footings of the Amounts of Dr. & Cr. but are Nearly to Show where the expenditures of the College have gone and which have been Self-Supporting etc.

The Finance Committee of the N.G.A. College.
Recommend the following Budget for the year 1902 & 1903.

Received State Appropriation	$7000.
Land Script Fund — —	2000.
Incidental income -	100.
Fees — — — —	800.
	99.00.00

And that the same be disbursed as follows:

"	J. W. Boyd.	1000.00
"	E. B. Vickery.	1000.00
"	Carl W. Steed.	1000.00
"	B. O. Austed.	900.00
"	Miss Josie W. Clarke.	750.00
"	J. N. Rogers	800.00
"	J. R. Barnes Tutor	250.00
"	Treasurer.	100.00
"	Secretary.	25.00
"	Janitor.	360.00
	To Balance	715.00

By Fund	125.00
" Incidentals - including Electric light -	150.00
" Advertising & Publicity -	340.00
" Improvements -	100.00
	715.00

The sum of five hundred dollars has already been authorized to be borrowed for the furnishing of the Girls Dormitory and any work done in the Agricultural department will necessitate an additional loan which we estimate at one thousand dollars. The Main College building is badly in need of immediate repair and it cannot be expected that this work can be done for less than One Thousand Dollars.

In the Budget above arranged it will be observed that we have confined ourselves to the money in hand and it is therefore manifest that an additional appropriation by the Legislature is necessary to meet these additional expenses.

To the Honorable Board of Trustees of the North Georgia Agricultural College;

Dahlonega. Ga.

We beg leave to report that we have examined and audited the Annual report of H. D. Gurley Treasurer of the North Georgia Agricultural College for the year 1903-1904 and including seven days of July 1904 and report that we find his accounts as rendered, correct. And that he has vouchers for Amounts paid out therein;

We beg to Call Attention to irregularities which we find therein, and Call the Attention of the Board ~~to~~same. As follows;

(1) In voucher #30 we find that R. C. Meaders and H. D. Gurley, Special Committee Appointed to Purchase furniture for the Boys Dormitory, have each Charged and received for their services the sum of Six dollars. While we do not regard this Charge as an excessive one there was no Authority of the Board for any Compensation to this Committee.

(2) Voucher #119, is for furniture & filing Case & old Stoves sold by Mr H. D. Gurley to the College, we beg to Call Attention to the fact that the law of Georgia prohibits any Trustee of any public institution from Contracting with or Selling to such institution any property whatever, while under the Circumstances of the Case frequent small purchases from Merchants who are trustees of the College seem to be unavoidable but we do not Consider the above transaction as coming within this Class of transactions. And we recommend that hereafter the law be complied with in all purchases made for the College.

It Appears that in addition to the above irregularity the above purchases were made (by the Authority of the Board) by Maj Tillson, the Commandant of Cadets, who Authorized by the Board to purchase office furniture. We recommend that hereafter the Board adhere to the rule which requires that all purchases of supplies be made by the purchasing Committee.

(3) We find that voucher No 182 Contains an item of Membership fee of Dr Avis to an Educational Association And voucher No 235 includes a like fee for Prof. Vickerys Membership to an Educational Association. We do not believe that these items are proper Charges against the College and we recommend that the Amounts be Refunded,

(4) We Call attention to the fact that the law requires that we Keep an inventory of all property of the College. We therefore recommend that each Professor, or other Custodian, of the College property, do make and file with the Secretary of the Board, on or before Nov. 15th 1904. a Complete inventory of all College property in his Custody, power or Control.

(5) We find that the Treasurers report Shows that No Biological Tickets were sold for the Fall Term 1903-1904. We recommend that each Professor be required to Keep an Alphabetical list of all Students in his or her department who are required by the rules of the College to purchase any tickets other than the General Entrance tickets, and at the Close of each Term furnish the Chairman of the Finance Committee with a Complete Copy of the Same, And we recommend that any Professor permitting any Students to take in his department any Course for which a Special ticket is required, without having first purchased Same, Said Professor Shall be personally responsible for the fee due by Such Students.

Finance Report.

Dahlonega. Ga. July 14th 1905.

To the Honorable Board of Trustees of the North Georgia Agricultural College:

We the Finance Committee of the Board of Trustees of the North Georgia Agricultural College beg leave to submit our Report as follows:

We have examined the Treasurers books and his Report Covering the fiscal year ending June 30th 1905. And have approved the same,

Voucher No 83 in the Agricultural account Contains an item of 40 cents for one box of Shells and voucher No 92 in said acch, includes four boxes of Shells ($1.80) One dollar and eighty Cents. Upon inquiry we ascertain that these Shells were used for the purpose of killing birds that were injuring the crops. We do not think that these items are a proper charge against the College,

We find Charged to incidental account voucher No 3. of H. D. Hurley $15.87 And voucher No 5 of B. K. Meaders & Sons $0.50 and in Repairs account No 11. J. F. Moore & Co. $1.13 While these accounts are inconsiderable we again call attention to the law which forbids any Members of the Board of Trustees from furnishing any supplies to the College,

Voucher No 43 in the Incidental account for $18.50 was properly paid by the Treasurer upon the approval of the Purchasing Committee, but in as much as no itemized Statement of the account accompanied the account we regard the approval as irregular,

We have observed that in Several instances orders have been made for supplies, books &c, where individuals have joined with the College in making the Orders, the orders in every case being given in the name of the College, while no loss has accrued to the College by reason of this practice, we nevertheless Condemn the practice as tending to Confusion of accounts and we recommend its discontinuance,

We have also observed that Several accounts have been rendered not in the name of the College, but against the head of the Department,

Making the particular account.

While we have ascertained in each case that these accounts were proper charges against the College we never the less believe that all accounts against the College should be rendered against the College as such and not against any individual person.

We recommend that hereafter the Treasurer keep all the disbursements on behalf of the College, except the Library account, in one general account, and that the Purchasing Agent keep seperate accounts upon a book to be furnished for that purpose, of the expenditures in the various Departments as allowed by the financial budget and that said purchasing Agent in no case make purchases in amounts exceeding the Appropriations set apart to each department by the financial budget except when authorized so to do by the Finance Committee or the Board of Trustees.

If it be not already a Rule, We recommend that this Board take such action as will require the various Professors to be held personally liable for the Special fees required in their several departments where there is a failure on the part of such Professor to require the students to procure tickets for such Departments, And we recommend that each Professor in whose Department Special Tickets are required shall in his Annual report to the Board of Trustees include therein a list of the names of all students by Terms and the fees paid for tickets therein, who have taken such Special Courses in his department during that year, as require Special tickets. And that the Secretary of this Board notify each member of the Faculty of this Rule. We recommend that hereafter no Student be allowed to register or matriculate as a student of the College until he presents a proper ticket duly issued by the Treasurer of the College.

O. J. Lilly, Chairman Fin. Com.

We find that the Club House can be rented for Dormitory purposes for the term of two years At $37.50 per Month.

Finance Report:

To the Honorable Board of Trustees of the N.G.A. College.
Dahlonega, Ga.

Gentlemen:

The Finance Committee of the above named Board beg leave to report as follows:

We have examined the Treasurers Report of the year 1905-6. And have approved same as will appear thereon.

We find that M.L. Baxter and A.L. Dasher, Jr. Students in Biology did not procure the necessary tickets to entitle them to the benefits of this department during the Spring Term.

They should have secured tickets from the Treasurer, paying therefor the sum of $5.00 each.

We find that J.L. Patterson is registered as a student of the College, but that he did not procure an entrance ticket. He should have had an entrance ticket for the fall term.

Again we call attention to the fact that a number of bills turned into the Treasury for payment, are bills made against some individual. As Prof. Steed, Prof. Davis, or Prof. Barnes, Agent, etc. This should not be. All bills for which the College is liable should be made out against the College in its Corporate name.

Respectfully Submitted.
O.J. Lilly Chairman,
Finance Committee,

Board Met Sept 4th 1906.
Present W. P. Price, Sr. President and B. R. Meaders, J. F. Moore, R. H. Baker, G. McGuire, H. D. Gurley and Wm J. Worley Trustees.
